## Built for the realities of working with land.

Most agronomic advice never reaches the farms that need it. AgricHub is the first marketplace designed specifically for agricultural consultations.

Verified

Every consultant verified

Credentials, business registration and insurance are checked before listing. The verified mark is earned, not bought.

Reviews

Reviews tied to real work

Only completed consultations can be reviewed. Our moderation team enforces strict guidelines on falsehoods.

Payment

Get paid on the platform

Built-in wallets and direct payouts to local bank accounts or mobile money. No invoices, no chasing.

Hyperlocal

Hyperlocal expertise

Filter consultants by region, climate zone and the crops or livestock they actually work with.

Async

Async or live

Book a 30-minute call, a full-day site visit, or recurring monthly check-ins.

Cooperatives

Designed for cooperatives

Group bookings, shared session notes and cooperative-wide audits.

## From question to action plan in days, not seasons.

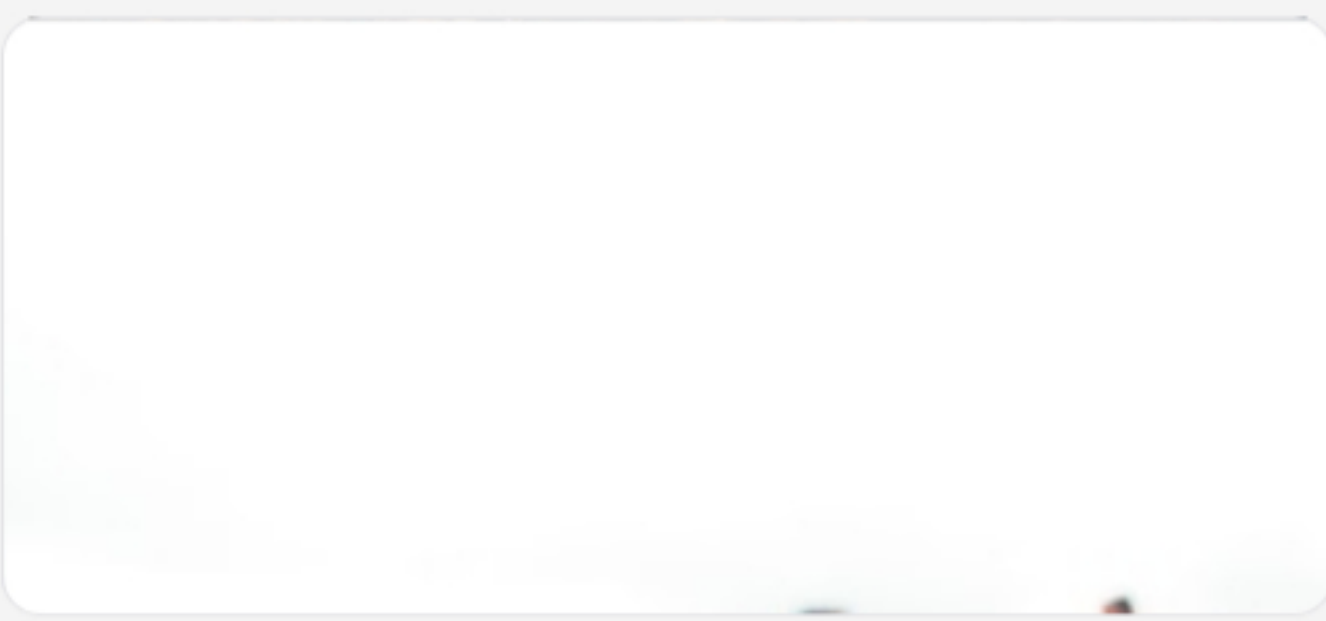

A simple flow that respects everyone's time.

01

**Describe what you need.**

A few sentences about your land, your crops or your operation

02

**Pick an expert. Book a slot.**

Compare verified profiles, read reviews, and book the first available window.

03

**Receive a written plan.**

Every session ends with documented next steps. Wallet releases payment after the report.
